SACS CASI ACCREDITED SCHOOLS

1. If your school has a Southern Association of Colleges and Schools (SACS CASI) visit during the year you are due to submit your SIP to the state, the school may submit the SIP as reviewed by the visiting team. The SACS CASI visit must occur prior to May 15th of the year the SIP is to be submitted.
2. If your school had a SACS CASI visit during any year prior to the year you are due to submit your SIP to the state, your plan and the student performance information will not be current. Therefore, the school will submit the fully developed, complete, updated SIP. To update your plan requires that you review and analyze your most current student performance data. You will then be able to identify next steps/goals to address the challenges identified by the new data.
